## **Programs Offered**

There are seven functional program areas at ADC:

- Inmate Education
- Counseling and Treatment Services
- Religious Services
- Self-Improvement (Psycho-educational)
- Planned Pro-social Activities
- Work Opportunities
- Community Corrections

### **Inmate Education**

This program area is under the purview of Inmate Programs and Reentry - Inmate Education. Academic educational programming is available at all complexes. Instruction is conducted by certified teachers. There are six main types of educational programming:

#### **Program: Mandatory Literacy**

Location(s) Offered: All units

Delivered By: Certified academic teachers

Description: The goal of these classes is for inmates to pass the minimum eighth grade literacy standard. Inmates stay in the classes until this objective is met or the inmate is given an exemption. These services are required by ARS 31-240, 31-229, 31-229.01 and 31-22.02.

#### **Program: Special Education (SPED)**

Location(s) Offered: All complexes except Douglas, Safford, and Winslow.

Delivered By: Certified special education teachers

Description: The goal of the special education programs is to provide specifically designed instruction to meet the educational needs of inmates with a disability to pass the minimum eighth grade literacy standard, earn a high school diploma and/or GED. These services are for inmates age twenty-two or under who have a disability or history of receiving special education services. The educational services are required by ARS 15-1372.

#### **Program: General Educational Development (GED)**

Location(s) Offered: All units

Delivered By: Certified academic teachers

Description: The goal of these classes is for inmates, who do not have a high-school diploma or GED, to study for, take and pass the GED test. GED testing is provided by state certified ADC Examiners at all complexes.

#### **Program: High School Diploma**

Location(s) Offered: Perryville, Tucson, and Yuma.

Delivered By: Certified academic teachers

Description: The goal of these classes is for inmates aged 18 and under to complete all core curriculum coursework, attain 22 or more credits, successfully pass the state

---

assessment, and earn a high school diploma. ADC is currently working towards extending the HS program to all complexes.

Program: Career and Technical Education (CTE)

Location(s) Offered: All complexes with exception of ASPC-Phoenix

Delivered By: Contracts with community colleges

Description: CTE classes are a combination of classroom instruction and hands on skill learning and application. Classes include a wide variety of focuses, including welding, construction trades and automotive repair. CTS courses typically range from 3-8 months in duration with 4-6 months being the average.

Program: Distance Learning

Location(s) Offered: All complexes

Delivered By: Any accredited and approved college

Description: These are college classes are delivered via distance learning. The goal of these classes is for inmates to earn academic credit towards obtaining a degree. Inmates must pay for all expenses associated with these classes.

**ADC Counseling and Treatment Services**

This program area is under the purview of Inmate Programs and Reentry - Counseling and Treatment Services. Counseling and Treatment programs are available on units at six complexes. The services are conducted by licensed counselors and there are three main types of treatment programming:

Program: Addiction Treatment Services (ATS)

Location(s) Offered: Douglas, Florence, Lewis, Perryville, Safford, and Tucson

Delivered By: Licensed substance abuse counselors

Description: The goal of these services is for inmates to address their addiction issues and learn to live drug free, pro-social lifestyles. All ATS groups are cognitive-behavioral in nature and there are some specialty groups to address topics such as co-occurring disorders, aftercare and social skills development. Groups range from six months (Moderate TX and Co-occurring TX) to twelve months (Intensive TX).

Program: Sex Offender Education and Treatment Program (SOETP)

Location(s) Offered: Eyman, Florence, and Perryville

Delivered By: Licensed counselors or staff with a doctoral degree.

Description: The goal of these services is for inmates to address their sexual offense history and learn to live pro-social lifestyles. All SOETP groups are cognitive-behavioral in nature. For the male population: pre-treatment lasts six months and primary treatment lasts 12 months. For the female population: primary treatment lasts 2 years.

Program: Driving Under the Influence (DUI) Treatment

Location(s) Offered: Perryville

Delivered By: Contract with SAGE Counseling

Description: This program is offered per ARS31-255 to meet the baseline thirty-six hours of DUI education and treatment required for offenders convicted under the DUI statutes. Inmates, who complete the initial treatment portion, may continue on for up to twelve months if they have time left to serve and assessment indicates a need. Delivery of this

---

type of treatment requires a specific type of program certification through the Arizona Department of Health Services.

Description: Arizona Correctional Industries through labor contracts and private sector partners and ACI owned and operated businesses. The goal of these jobs is to teach inmates employability skills while saving taxpayers money.

## **Post Release Reentry Programs**

### Community Corrections

Location(s) Offered: Maricopa Reentry Center (MRC)

Description: The Maricopa Reentry Center is a facility that offers services to offenders that are currently on community supervision. The MRC is currently offering two programs, the Intensive Treatment with Housing (ITH) and the Sanction program. The ITH program This is a cognitive based, substance abuse treatment program. Offenders in this program work with licensed counselors and paraprofessionals to address their substance abuse problems and successfully reintegrate back into society. Curriculum for this program includes materials from Hazelton, the Change Companies, and The University of Cincinnati. Emphasis is placed on increasing coping skills, eliminating dysfunctional decision making, learning pro-social ways to spend "free" time, addressing thinking errors, and relapse prevention. The Sanctions program is utilized as an intervention technique with offenders who are violating the technical terms of their supervision status but who are not committing new

---

crimes or presenting a danger to the public. These offenders are sent to MRC for brief stays (typically 2-3 days) during which they are restricted to the facility. While they are in the sanctions program, they attend classes and complete assignments designed to help them rethink their decision making processes.

#### Pima Reentry Center (PRC)

Description: The Pima Reentry Center is a facility that offers services to offenders that are currently on community supervision. The PRC is currently offering three programs, the Intensive Treatment with Housing (ITH), the Sanction program, and the Without Placement Program (WOP). The ITH program -This is a cognitive based, substance abuse treatment program. Offenders in this program work with licensed counselors and paraprofessionals to address their substance abuse problems and successfully reintegrate back into society. Curriculum for this program includes materials from Hazelton, the Change Companies, and The University of Cincinnati. Emphasis is placed on increasing coping skills, eliminating dysfunctional decision making, learning pro-social ways to spend "free" time, addressing thinking errors, and relapse prevention. The Sanctions program is utilized as an intervention technique with offenders who are violating the technical terms of their supervision status but who are not committing new crimes or presenting a danger to the public. These offenders are sent to PRC for brief stays (typically 2-3 days) during which they are restricted to the facility. While they are in the sanctions program, they attend classes and complete assignments designed to help them rethink their decision making processes. The Without Placement Program (WOP) is a program that offers housing and services to offenders who have no viable residential placement and are in need of temporary emergency housing. WOP residents participate in employment classes, peer programs, and pro-social activities offered at the center. Offenders actively seek and are assisted in their search for employment while they locate viable residential placement. PRC offers offenders access to outside services with community agencies, peer counseling, employment services, and educational classes on site to include materials from Courage to Change, Hazelton Living Skills Series, and the A+ computer program. Offenders in the WOP program have the freedom to build a successful life with structured assistance to guide them on the journey.

#### Community Accountability Program (CAP)

This post-release program is funded by the State Spirit Tax and delivered through contracted services. The CAP was formerly a legislative program (A.R.S. § 41-1609.6) which sunsetted (expired legislation in 2013). Upon legislative expiration, ADC adopted the CAP as an enhanced Community Supervision offender case management intervention strategy. The contracted vendor provides cognitive behavioral-based counseling with enhanced accountability options through electronic monitoring services (Global Positioning System, Transdermal Alcohol Detection). This program is utilized as a proactive offender case management intervention strategy to assist offenders whose criminogenic factors/behaviors demonstrate a need for cognitive restructuring/treatment and oversight. The current statewide contract is held by Correctional Healthcare Solutions (CHS).

---

### Residential Community Behavior Modification Program (A.R.S. § 42-3106)

While the actual program components are not mandated, the funds are supplied through the legislative spirit tax fund (A.R.S. 42-3106). This is a residential treatment program for Community Supervision offenders who are demonstrating difficulty reintegrating into the community appropriately. This program serves high risk/high need offenders that are relapsing into substance abuse and/or demonstrate additional high needs, to include high need General Mental Health (GMH) and Serious Mental Illness (SMI). The program includes two program tracks:

1. Sanction- swift, brief adult “time out”; which includes residency with brief cognitive assignment to address poor decision making.
2. Residential treatment- includes residential substance abuse treatment for up to 90 days.

Contracted programs are available in Maricopa and Pima Counties.

The current contracts are held by:

Maricopa County- Vivre Recovery Housing/partnered with Building Blocks Counseling

Pima County- Behavioral Systems Southwest

### Transition Program for Non-Violent Offenders (A.R.S. § 31-281)

This Transition Program is funded by a percentage of the State Spirit Tax (a tax on all alcoholic beverages) and mandatory inmate wages contributions. The program is delivered through contracted services. Services include needs assessment, substance abuse counseling, life skills classes, cognitive restructuring and domestic violence classes. Offenders participate in programs that target their criminogenic need(s). Progress notes are web based and Community Corrections Officers can access them and follow their offender’s progress. Eligibility and program acceptance occurs during inmate status (ADC incarceration) with the legislative intent of releasing inmates early for the purpose of community-based substance abuse treatment- recidivism reduction and tax payer savings.
